## Why is a Placement Cell So Important in a professional college?

While there are so many opportunities lying across the country, ranging from corporates to hospitality establishments and reputed catering units, the job-hunting process is manifold. However, in reality, there is a stringent competition in the job market to match the talent availability with the job profile. This is where placement cell bridges the gap, easing the procedure of recruitment to be simpler for companies and at the same time beneficial for the students. With the proper placement and training, students learn how to put forth their knowledge and abilities in the right way to fetch the best of jobs. Yet, it takes the right qualifications and effort to put in beforehand and afterward to sustain and grow in the career space.

The primary objective of the college placement cell is to place all eligible students in reputed companies, right at the campus itself. Placement cells help identify the knowledge, skills and attitude matrices of the students coming from all walks of lives and create job profiles for each of them to get them placed in relevant profiles with reputed companies. The placement cells recognize the areas of training and methods with respect to the requirements of the industry and thus formulate a sequence of training activities to meet the requirements for campus placement.

### **Role of our placement cell :**

We have conceptualised the course in such a manner so that we can assist the students with a suitable job after completion of the course. The courses offered by us are all career oriented, skill enhancement courses and these courses are well conceptualised for placement.

We have been able to provide the Hotel/Hospitality/Hospital industry with quality students not only within the Indian borders but offshore too.

Our placement cell serves as an outstanding platform for the students to gain specific skills related to their subject of choice or domain to stay ahead of the competition by providing them with live projects, internships that provides adequate industrial exposure.

It creates an excellent opportunity for the students to become aware of the industry and the real-life workspace. They get to know about preparing and presenting CVs, attending interviews, interacting in group discussions, etc.

Campus placements provide the students with a foot in the door opportunity, enabling them to start off their career right after they have completed their course curriculum. Besides the above, the main reason why college placements are becoming the major criteria for the students for choosing an educational institution is that they ease barriers to employment for graduates, apart from holding considerable value for students, in terms of personal and professional development.

Remember, the first job matters a lot and it should be a prudent step towards building a career. College placements are indeed a not-so-tedious path to establish a career compared to the tough and frustrating job-seeking process in the open job market scenario that is mostly conducted by inviting random walk-ins. Thus more often than not, college placements give a good head start for students in their pursuit of the career.

When students opt for the right educational institution, they can start off their career right from the campus, which otherwise turns out to be a rough path if you happen to choose a wrong institute for this crucial phase of your education. Private colleges and universities spent a lot of resources to develop an efficient placement and training cell.

Indian Institution of Hotel Management holds a strong alliance with the industry because of its consistent involvement to provide 100% job assistance to its students. Thus the corporate network and linkage aids to bring fresh talents to the industry that goes for the mutual benefit of the students and the employers.

A woman wearing a white chef's hat, a light purple long-sleeved shirt, and a brown apron stands on a wooden deck. She has her arms crossed and is smiling. Behind her is a large, thick-trunked tree with many aerial roots, and a dense bed of green ferns. The deck is made of dark wood planks and has some fallen yellow leaves scattered on it. The background shows a clear blue sky and parts of buildings, including one with a thatched roof.

A man in a beige suit and glasses stands in front of a green wall with the 'La Capitale REAL ESTATE' logo. The man is wearing a beige double-breasted suit jacket, a white shirt, a patterned tie, and brown trousers. He has dark hair and is wearing yellow-tinted glasses. His hands are clasped in front of him. The background is a dense green wall with the text 'La Capitale' in a large, white, serif font, and 'REAL ESTATE' in a smaller, white, sans-serif font below it. To the left, there is a teal sign with a white Apple logo. The foreground consists of white horizontal slats.

A full-body photograph of a female cabin crew member. She is wearing a dark blue uniform consisting of a short-sleeved button-down shirt, a matching skirt, a matching belt, and a matching pillbox cap with a silver winged pilot emblem. A blue neckerchief is tied around her neck. She has a name tag on her left chest that reads "Soumita Saha" and "Cabin Crew". She is smiling and looking towards the camera. The background shows the side of a white airplane with blue accents and a window with the word "Hi" written on it.

A man is standing on a balcony with a metal railing, looking towards the camera. He is wearing a dark blue t-shirt with a graphic design that includes the letters 'NYC' and light-colored trousers. Behind him is a large body of water, and in the distance, a dense city skyline with many tall skyscrapers is visible under a clear sky. The balcony floor is made of wooden planks.

A man with a beard and short dark hair is standing in a grassy field. He is wearing a light blue denim button-down shirt with the sleeves rolled up, and blue denim jeans. He is leaning his right hand on a large, weathered tree stump. In the background, there is a large, perfectly rounded green tree and a fence line. The overall scene is outdoors and appears to be a rural or farm setting.
